MBS Ship's Spares*
Services

*Reliability is the only factor that counts!

A specialized team, completely focused on the needs of the shipping industry. That's MBS Hamburg, completely devoted to.

All shipping lines transporting goods around the world are racing against tight deadlines.

Shipmanagement companies as well as any supplying partner in this field of business are very much devoted to keep the vessels running around the clock. A stranded ship is absolutely unacceptable.

MBS Ship's Spares Services, with its satellite office in Hamburg, provides dedicated services to shipping lines, shipmanagement companies, ship yards, manufacturers, traders as well as shiphandlers and maintenance facilities around the globe.

Our senior management as well as our ambitious and reliable staff of MBS in Hamburg offer more than 20 years of experience in the field of maritime business to our customers. Every person knows exactly about the important needs of any party involved in this very sensitive business.

MBS people do offer very flexible and fast logistic solutions at any time from and to any part in the world. 24 hours a day. 7 days a week – all year through.

**MBS Ship's Spares Services – the art of logistics.
Reliability is the only factor that counts!**

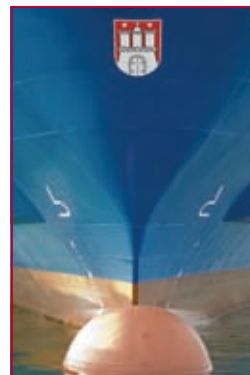

MBS Ship's Spares Services – Regardless if for example:

- an urgently needed shipment must be moved out of or into Germany
- a damaged machinery has to be collected from a vessel somewhere in the world for special repair overseas
- crosstrade arrangements are needed from any spot to any place in the world
- in Container loaded spares have to be off-loaded and re-routed by air or courier services

The MBS team in Hamburg will look after it – until the job is really finally completed.

That's a promise!
